LB 470

then come back and say another. I think this bill has had adequate public hearings. I think it is drafted to the committee amendments. I do believe it is germane and I hope the Chair would rule in that way. Thank you.

SENATOR KAHLE: The Chair will rule that the Marsh amendment is not germane to the committee amendment. It does not mean it is not germane to the bill. So now we are back on the committee amendments unless there is objection. Any more comment on the committee amendments as presented by Senator Fenger a bit ago? Do you have anything to add, Senator Fenger? If not, we are voting on the committee amendments to LB 470. Those in favor vote aye, those opposed vote no.

CLERK: Senator Kahle voting yes.

SENATOR KAHLE: Please record.

CLERK: 28 ayes, 0 nays, Mr. President, on adoption of the committee amendments.

SENATOR KAHLE: The committee amendments to LB 470 are adopted. Now on the bill, Senator Warner. Senator Fenger, do you want to...? I don't see Senator Warner. Senator Fenger.

SENATOR FENGER: Well the...LB 470 is the sunset bill sponsored by the Appropriations Committee, passed out of committee by the Public Health and Welfare Committee, sunset bill of the Board of Examiners and Dentistry. It does add statutory language that permits the Health Department to inspect dental facilities for safety and sanitation and as it came to committee would also require fifteen hours of continuing education for dentists and dental hygienists. In Senator Warner's absence I would move the advancement of LB 470.

SENATOR KAHLE: I believe there is an amendment on the desk.

CLERK: Mr. President, Senator Marsh and Senator Kilgarin would now move to amend the bill. The amendments have been distributed to the members.

SENATOR KAHLE: Senator Marsh.
